

Chapter 18.530
INDUSTRIAL ZONING DISTRICTS

Sections:

- 18.530.010 Purpose**
- 18.530.020 List of Zoning Districts**
- 18.530.030 Uses**
- 18.530.040 Development Standards**
- 18.530.050 Additional Development Standards**

18.530.010 Purpose

- A. Provide range of industrial services for City residents. One of the major purposes of the regulations governing development in industrial zoning districts is to ensure that a full range of job opportunities are available throughout the City so that residents can work close to home if they choose. The location of land within each industrial district must be carefully selected and design and development standards created to minimize the potential adverse impacts of industrial activity on established residential areas.
- B. Facilitate economic goals. Another purpose of these regulations is to ensure that there is a full range of economic activities and job opportunities within the City limits, in compliance with the economic goals of the City of Tigard Comprehensive Plan.

18.530.020 List of Zoning Districts

- A. I-P: Industrial Park District. The I-P zoning district provides appropriate locations for combining light manufacturing, office and small-scale commercial uses, e.g., restaurants, personal services and fitness centers, in a campus-like setting. Only those light industrial uses with no off-site impacts, e.g., noise, glare, odor, vibration, are permitted in the I-P zone. In addition to mandatory site development review, design and development standards in the I-P zone have been adopted to insure that developments will be well-integrated, attractively landscaped, and pedestrian-friendly.
- B. I-L: Light Industrial District. The I-L zoning district provides appropriate locations for general industrial uses including industrial service, manufacturing and production, research and development, warehousing and freight movement, and wholesale sales activities with few, if any, nuisance characteristics such as noise, glare, odor, and vibration.
- C. I-H: Heavy Industrial District. The I-H zoning district provides appropriate locations for intensive industrial uses including industrial service, manufacturing and production, research and development, warehousing and freight movement, railroad yards, waste-related and wholesale sales activities. Activities in the I-H zone include those which involve the use of raw materials, require significant outdoor storage and generate heavy truck and/or rail traffic. Because of these characteristics, I-H-zoned property has been carefully located to minimize impacts on established residential, commercial and light industrial areas.

18.530.030 Uses

- A. Types of uses. For the purposes of this chapter, there are four kinds of use:

1. A permitted (P) use is a use which is permitted outright, but subject to all of the applicable provisions of this title. If a use is not listed as a permitted use, it may be held to be a similar unlisted use under the provisions of Chapter 18.230;
 2. A restricted (R) use is permitted outright providing it is in compliance with special requirements, exceptions or restrictions;
 3. A conditional use (C) is a use the approval of which is at the discretion of the Hearings Officer. The approval process and criteria are set forth in Chapters 18.310 and 18.320. If a use is not listed as a conditional use, it may be held to be a similar unlisted use under the provisions of Chapter 18.230;
 4. A prohibited (N) use is one which is not permitted in a zoning district under any circumstances.
- B. Use table. A list of permitted, limited, conditional and prohibited uses in industrial zones is presented in Table 18.530.1.
- C. Accessory structures.
1. Accessory structures are permitted in all industrial zones providing the site is still in compliance with all development standards, including but not limited to setbacks, height, lot coverage and landscaping requirements, of the base zone. All accessory structures shall comply with all requirements of the Uniform Building Code. All accessory structures except those less than 120 square feet in size require a building permit.
 2. All freestanding and detached towers, antennas, wind-generating devices and TV receiving dishes, except as otherwise regulated by Wireless Communication Facilities (Chapter 18.798), shall have setbacks equal to or greater than the height of the proposed structure. Suitable protective anti-climb fencing and a landscaped planting screen, in accordance with Chapter 18.745, Landscaping and Screening, shall be provided and maintained around these structures and accessory attachments.

P=Permitted

R=Restricted

C=Conditional Use

N=Not Permitted

¹A single-family detached dwelling or single-family mobile or manufactured home allowed for caretaker or kennel owner/operator when located on the same lot as the permitted use and is exclusively occupied by the caretaker or kennel owner/operator and family.

²These limited uses, separately or in combination, may not exceed 20% of the entire square footage within a development complex. No retail uses shall exceed 60,000 square feet of gross leasable area per building or business.

³In-home day care which meets all state requirements permitted by right.

⁴Permitted if all activities, except employee and customer parking, are wholly contained within a building(s).

⁵When an agricultural use is adjacent to a residential use, no poultry or livestock, other than normal household pets, may be housed or provided use of a fenced run within 100 feet of any nearby residence except a dwelling on the same lot.

⁶See Chapter 18.798, Wireless Communication Facilities, for definition of permitted and restricted facilities in the I-P zone.

⁷Vehicle fuel sales permitted outright unless in combination with convenience sales, in which case it is permitted conditionally.

⁸Explosive storage permitted outright subject to regulations of Uniform Fire Code.

⁹Day care uses with over 5 children are permitted subject to an Environmental Impact Assessment in accordance with Section 18.530.050.C.1. The design of the day care must fully comply with State of Oregon requirements for outdoor openspace setbacks.

¹⁰Limited to outdoor Recreation on (1.) land classified as floodplain on City flood maps, when the recreational use does not otherwise preclude future cut and fill as needed in order to develop adjoining industrially zoned upland; and (2.) land located outside the floodplain as shown on City flood maps, when the Recreation Use is temporary and does not otherwise preclude allowed uses or Conditional Uses other than Recreation within the district.

¹¹These limited uses, shall only be allowed in IP zoned property east of SW 72nd Avenue. These uses, separately or in combination shall not exceed 60,000 square feet of gross leasable area in a single building, or commercial retail uses with a total of more than 60,000 square feet of retail sales area on a single lot or parcel, or on contiguous lots or parcels, including those separated only by transportation right-of-way. (Ord. 04-14)

18.530.040 Development Standards

A. Compliance required. All development must comply with:

1. All of the applicable development standards contained in the underlying zoning district, except where the applicant has obtained variances or adjustments in accordance with Chapters 18.370.
2. All other applicable standards and requirements contained in this title.

B. Development Standards. Development standards in industrial zoning districts are contained in Table 18.530.2 below:

**TABLE 18.530.2
DEVELOPMENT STANDARDS IN INDUSTRIAL ZONES**

STANDARD	I-P	I-L	I-H
Minimum Lot Size	None	None	None
Minimum Lot Width	50 ft.	50 ft.	50 ft.
Minimum Setbacks			
- Front yard	35 ft.	30 ft.	30 ft.
- Side facing street on corner & through lots [1]	20 ft.	20 ft.	20 ft.
- Side yard	0/50 ft. [3]	0/50 ft. [3]	0/50 ft. [3]
- Rear yard	0/50 ft. [3][4]	0/50 ft. [3]	0/50 ft. [3]
- Distance between front of garage & property line abutting a public or private street	--	--	--
Maximum Height	45 ft.	45 ft.	45 ft.
Maximum Site Coverage [2]	75 % [5]	85 %	85 %
Minimum Landscape Requirement	25 % [6]	15 %	15%

- [1] The provisions of Chapter 18.795 (Vision Clearance) must be satisfied.
- [2] Includes all buildings and impervious surfaces.
- [3] No setback shall be required except 50 feet shall be required where the zone abuts a residential zoning district.
- [4] Development in industrial zones abutting the Rolling Hills neighborhood shall comply with Policy 11.5.1.
- [5] Maximum site coverage may be increased to 80% if the provisions of Section 18.530.050.B are satisfied.
- [6] Except that a reduction to 20% of the site may be approved through the site development review process.

I-P - Industrial Park District
 I-L - Light Industrial
 I-H - Heavy Industrial

18.530.050 Additional Development Standards

- A. Commercial lodging in the I-P zone. The following development standards shall apply for a commercial lodging facility located in the I-P zone:
 - 1. Site size shall be a minimum of two acres and a maximum of five acres.
 - 2. The site shall have access to be approved by the City Engineer to an arterial or collector street with capacity sufficient to ensure that adequate access to local businesses is maintained.
 - 3. Ancillary uses, also permitted in the I-P zone as contained in Chapter 18.530 shall be allowed as integral elements of the commercial lodging development, provided they comprise no more than 20% of total floor area.
 - 4. Signage shall conform to Chapter 18.780.
- B. Reduction of lot coverage requirements. Lot coverage may be increased from 75% to 80% as part of the site development review process, providing the following requirements are satisfied:
 - 1. The minimum landscaping requirement shall be 20% of the site.
 - 2. The applicant shall meet the following performance standards with regard to the landscaping plan approved as part of the site development review process:
 - a. Street trees, as required by Section 18.745.040.C.1 are to be installed with a minimum caliper of three inches rather than the two inches as measured at four feet in height;
 - b. The landscaping between a parking lot and street property line shall have a minimum width of 10 feet;
 - c. All applicable buffering, screening and setback requirements contained in Section 18.745.050 shall be satisfied.
 - d. The applicant shall provide documentation of an adequate on-going maintenance program to ensure appropriate irrigation and maintenance of the landscape area.

C. Day care uses. The following standards shall apply for all commercial day care uses in industrial zones:

1. The Environmental Impact Assessment must document noise, visible emissions, vibration, odor, glare and heat from uses within one quarter mile. A plan and program for day care facilities to provide mitigation on-site for any of the above off-site impacts must be provided. Sound attenuation walls, screening, window covering, shades, and other such means are appropriate means of mitigation and may be attached as conditions of approval.
2. The State of Oregon Child Care Division Certification Section shall be notified of the proposed site plans prior to submitting an application to insure that the plans submitted generally address the permitting requirements.
3. Prior to occupancy of the proposed day care, evidence of certification through the State of Oregon Child Care Division shall be provided. (Ord. 02-33) ■
